

BEFORE THE IOWA ARCHITECTURAL EXAMINING BOARD

In re an Application for Board Consent under Iowa Code section 68B.4

Pursuant to Iowa Code section 68B.4, 351 IAC 6.11, and 193 IAC 11.1, the Iowa Architectural Examining Board (Board) voted unanimously on July 8, 2014, with Petitioner abstaining, to grant consent to Board member Tyler Kamerman to sell services to registered architects as follows:

1. Petitioner is a public member of the Board and commenced his first term on May 1, 2014. He is in the business of providing financial services such as risk management insurance and investment products.
2. Petitioner has provided financial services to a wide range of clients, including individuals and businesses associated with the architectural, design, and construction community. He wishes to continue such practices, which would include selling financial services to registered architects.
3. Petitioner's request complies with the requirements of Iowa Code section 68B.4, 351 IAC 6.11, and 193 IAC 11.1. His official state duties do not include any aspect of financial services; nor does the sale of financial services impact his duties or functions with the Board. Petitioner's financial services occupation will not cause him to advocate on behalf of anyone before the Board. Petitioner does not plan to inform registered architects of his membership on the Board. Some may be aware of his membership and, if so, will be affirmatively informed that his financial services occupation is unrelated to his service on the Board. In the event a client is the subject of a matter before the Board, Petitioner shall disqualify himself from participation, thereby addressing any potential conflict of interest.
4. Given the sporadic nature of the potential sales, the Board does not believe it is necessary or feasible to consider applications on an ongoing basis and instead granted blanket consent for the sales described in this document for the period of Petitioner's service on the Board.

Lori SchraderBachar, Board Administrator
