NOTICES

Political flyers went out for candidates in Silver City prior to the election with out an attribution Statement on them. The flyers were paid for by Jeff Carper, 607 Main Street, Silver City; Betty Millard, 625 Main Street, Silver City; and Nancy Prien, 501 Maple Street, Silver City.

About the Picture

The picture was taken at 1540 A Avenue N.E. It is a abandoned house which is a blight on the neighborhood. The Wellington Heights area is rich in local history and has a strong neighborhood association.

The City does not give a dime to neighborhood groups that struggle with a host of issues ranging from the abandon house shown, to crime and keeping up property values.

I believe that neighborhoods are vital to the city as a city is a community of neighborhoods.

I have advocated that neighborhood groups receive a grant of at least \$1000.00 a year for expenses; I am the only candidate to champion that cause. I believe that neighborhood groups should in some cases receive a trust type grant to fix up or tear down a house like the one pictured.

I believe that 1st Avenue does not need to be widened, but it should be the neighborhoods choice.

I believe that the city has to listen better and become more efficient.

We have to create a environment with a level playing field for all. We succeed or fail as a region, as neighbors.

I keep a blog where city and neighborhood issues can be discussed, it is at <http://journals.aol.com/output912/myIowaExperience/>

About Dennis Hill

I am a graduate of Washington High School, here in Cedar Rapids, Iowa; in 1977.

I am a graduate from The University of Iowa College of Business Administration, with a Bachelor of Business Administration(BBA) in December 1980.

I am a graduate of Southern Illinois University at Edswardville, with a Master of Business Administration(MBA); in June of 1991.

I have one son. I am sensitive to the needs and the concerns of disabled children.

I worked at Eagles Food Stores for many years and was a Union member there at age 17.

I was the Assessor of the City of St. Louis, and for each of my 3 years I was 8-12% under budget. I did the right things under an administration strained by 14 people working for or close to the mayor who were indicted.

I have a working knowledge of the city budget.

I have a working knowledge of the property tax system.

I moved back to Cedar Rapids, to help my older parents, I am the only one of 5 siblings still in town; we have to do better for the next generation.

I am seasoned and have the energy to fight for what is right for the neighborhoods in the second district and the City of Cedar Rapids at large.
